Round 2 - Tossups

Written by Joe Ham and JP Park

#1: (C) **This champion had the first skin to be priced at 1350 RP. That skin was also the first non-legendary skin to have special voice lines. This champion will sometimes fly for a few seconds while moving if his E ability is upgraded. This champion's name before release was "Teek." This champion from the void is the only champion without any true damage in his kit.** For 10 points, name this void hunter who can spend points to greatly upgrade his basic abilities upon reaching levels 6, 11, and 16.

ANSWER: **Kha'zix**

#2: (M) **This word was first widely used in a meme of Gooby and Dolan, though the first instance of it ever used is in a forum post on the message boards titled "Massage to" this word. Ever since, this word has been used by players, streamers, and even Riot. Often used by players who are frustrated with the game,** for 10 points, what is this intentional misspelling of the company that developed League of Legends?

ANSWER: **Rito** (do not accept or prompt on "Riot")

#3: (I) **This item is named after a player with over one thousand referrals to League of Legends. It costs 3250 gold and is one of the 7 items that combines from Caulfield's Warhammer. It is also one of the 30 items that provides 10% cooldown reduction. This item has two unique passives that both trigger when the holder has below 30% maximum health.** For 10 points, name this item, which is most useful to attack damage based champions playing against opponents with high magic damage

ANSWER: **Maw of Malmortius**

#4: (C) **This champion was the first champion to ever be priced at 6300 IP, as well as the first champion to receive their very own Champion Spotlight on the Riot Games YouTube channel. This champion is tied for the most linear skillshots, with 3. This champion is presumed to be in a relationship with Lux, even though internet memes state that he is in a relationship with Taric.** For 10 points, name this prodigal explorer who will tell you that you belong in a museum.

ANSWER: **Ezreal**

#5: (O) **First introduced in 2013, this game mode was removed on January 14, 2016. At first, this game mode had a bug that allowed players to skip low priority queue timers. Players could unlock up to 6 different summoner icons for playing different roles in this game mode. This game mode was the first time that the player's experience with a particular champion was taken into account for matchmaking.** For 10 points, name this game mode where players could designate their preferred lane and role before going into a game.

ANSWER: **Team Builder**

#6: (A) This ability is tied with Karthus's Requiem for the highest cooldown in the game, with 180 seconds at level 1. This ability is also tied for the longest range in the game, with a global range. This ability also has the highest ability power scaling shield in the game at 130%. This shield lasts for 5 seconds but the second part of the ability is cancelled if the shielded champion dies. For 10 points, name this ability with all of these extreme numbers, the ultimate ability of Shen.

ANSWER: **Stand United** (prompt on Shen R or Shen Ultimate before mentioned)

#7: (E) This professional League of Legends team was created after it acquired Nirvana.DK. This team is the only team from the Season 3 World Championship to still have 4 of its 5 members today. Although they had success in their region, they failed to qualify for the bracket stage after losing every single game in their group. For 10 points, name this team based in the Philippines who placed 14th out of 14 teams at Season 3 Worlds.

ANSWER: **Mineski**.GLOBE

#8: (C) This champion has the shortest auto attack range of any ranged champion, at 400. This champion, along with Quinn, is one of only two champions to have two different champion portraits for his two forms. This champion does not have any actual quotes, as he speaks a gibberish child-like babbling that is actually his native language. One of his forms has only 2 active abilities, the least of any champion. For 10 points, name this top laner whose ultimate ability is just the champion's name.

ANSWER: **Gnar**

#9: (O) This statistic was entirely removed from the game in patch 1.0.0.132. This statistic was calculated using a multiplicatively cumulative formula, meaning that buying two items that each provided 10% of this stat meant that the in game effect would be 10% times 10%, not plus. Jax was a champion that benefitted heavily from this stat, so he received a large buff after this stat was removed. For 10 points, name this removed statistic that allowed the user to ignore some auto attacks from enemies.

ANSWER: **dodge**

#10: (E) This player had a KDA of 9.77 in the NA 2015 Summer Split, the highest KDA in the league. This player is known for his Vayne play, and for practicing 15-16 hours a day. Before playing League, this player was a semipro in StarCraft. This player is rumored to have conflicts with Xpecial, leading to Xpecial leaving Team Liquid. For 10 points, name this former AD Carry who won the Season 3 World Championship with SKT T1 K before coming to North America to play on Team Curse.

ANSWER: **Piglet**

#11: (A) **While it does have a cost, this ability's cost is exactly the same as the champion's Q and W abilities. This ability increases range as channel time increases, but if the champion moves during the channel, the effect is cancelled and half of its cost and cooldown is refunded.** For 10 points, name this ability that knocks up all enemies within its radius, the E ability of Zac.

ANSWER: Elastic Slingshot (prompt on Zac E before mentioned)

#12: (C) **This champion was mentioned for the first time in Urgot's lore. According to this champion's lore, he left Demacia after a crushing defeat by Noxian forces led by Swain. When selected, this champion says, "By my will, this shall be finished." This champion has a Victorious skin, which was awarded to all players higher than Gold at the end of Season 1.** For 10 points, name the Exemplar of Demacia, who has a Fnatic skin.

ANSWER: Jarvan IV (prompt on Jarvan or J4, accept Jarvan 4)

#13: (M) **This phrase was first used in a video named Bee Sin published on Youtube on December 5th, 2014. Another video where this phrase is used is based on Nidalee plays and later on, the video creator compares his Nidalee plays to the namesake animal. The creator of this phrase has been banned on his main account MeatWadSprite after calling an enemy player a "worthless braindead scum bastard pile of trash that should be gunned down in the street like the degenerate you are".** For 10 points, name this combination of a food and animal that completes the line "put it in the oven and watch it grow".

ANSWER: pizza dog

#14: (O) **If Heimerdinger achieves this feat, he will gain a new passive called Eureka! which is highly unlikely, since Riot once calculated that the chance of this occurring for any given player on any champion was about 1 in 1500 games. The professional player who achieved this the most times is Doublelift.** For 10 points, name this accomplishment, one of the most difficult actions that any summoner can accomplish in the game that shares its name with a fictional band that produces real music.

ANSWER: getting a Pentakill

#15: (C) **This champion is the first champion whose splash art and in-game icon do not represent the champion. This champion is the only ranged champion to be classified as an assassin. This champion's first name is Evaine. This champion, who resides in Noxus, is also known as the Matron of the Black Rose.** For 10 points, name this champion, whose rework in the 2017 preseason involved changing her passive so that it marks an enemy that bursts for damage when the target is hit with another ability.

ANSWER: LeBlanc

#16: (E) **This professional league of legends player's favorite animes are Angel Beats and Shakugan no Shana. Making his debut in the professional scene in April 2011, this player has been through teams such as We Kill Stuff, Team Infused, and Absolute Legends before making a name for himself on CLG EU. This player won the title of EU LCS MVP of the Spring Split in Season 4.** For 10 points, name this current mid laner for Echo Fox, who is known for his Anivia play.

ANSWER: Froggen

#17: (O) **The most inefficient rune in the game is the mark of this stat. Every champion starts at zero for this stat and there is no ability, passive or active, that increases this stat. Maxing out a rune page of this stat will provide the user with 10%. A champion at level 1 can get up 40% of this stat after runes, masteries, and buying Ancient Coin. Coincidentally, 40% also happens to be the standard cap of, for 10 points, what common champion statistic?**

ANSWER: cooldown reduction (accept CDR)

#18. (C) **This champion was the first champion to have a joke animation. This champion has a death animation that can only be seen when either Guardian Angel or Chronoshift is activated. This champion is the only champion from the void that does not have the word “void” in its title. This champion’s numbers were significantly changed at the end of Season 5, only to be changed back at the end of Season 6. For 10 points, name this champion, the only champion who was temporarily able to break the global attack speed cap of 2.5.**

ANSWER: Kog'maw

#19. (E) **On February 6th, 2017, Thinkcard, who is this team’s head coach, praised Cloud 9’s coach Reapered for his outstanding ability to lead a team, and said “Reapered is the best coach in the NA LCS”. Despite being a new organization in the League of Legends scene, this team is doing very well in the 2017 NA LCS Spring Split. Many consider this team to be a new team with old players, with LCS veterans like Balls, Moon, Hai, Altec, and LemonNation in the starting roster. For 10 points, name this team who secured their NA LCS spot by acquiring Cloud 9 Challenger’s place.**

ANSWER: FlyQuest

#20. (I) **This item has a cost of 2100 gold with a 650 combine cost. Due to its components, this item increases both base mana regen as well as base health regen. Along with Knight’s Vow and Steraks Gage, this item is one of the only 3 items to provide 400 health. It is the only item in the game that could activate its unique active while the user is dead. For 10 points, name this new one-word support item that was newly introduced in preseason 7.**

ANSWER: Redemption

#21: (O) **There are exactly 34 of these entities on Summoner’s Rift, but these objects are found on every map. Any unit that interacts with any of these objects will remain the same to their allies, but will interact differently with enemies. There was a temporary bug with the skin Zombie Brand and its interaction with these objects. Juking with summoner spell flash is often used in conjunction with, for 10 points, what form of plant life that provides stealth to the units inside of it?**

ANSWER: brush

#22: (C) This champion is Katarina's younger sister while Talon is their adopted little brother. This champion has one of only two abilities with a specific minimum cast range. Searching for hat in the item shop while playing this champion will display Boots of Speed. This is perhaps because this is also the only champion to gain movement speed from their passive ability and they are unable to purchase any boots items. For 10 points, name this serpentine champion that makes multiple references to Greek and Egyptian mythology.

ANSWER: Cassiopeia

#23: (O) This object is able to be targeted by a ping, but is actually untargetable by spells or autoattacks. There are 6 of these objects in the Crystal Scar, and 2 of these objects on every other map. It is the only object that can deal pure damage, meaning that it will ignore any resurrection effects such as Zilean's Chrono Shift or the effects of Guardian Angel. It is one of the highest damage dealing objects in the entire game, at 2000 pure damage per second. For 10 points, name this special type of turret found at two corners of the map on Summoner's Rift.

ANSWER: Nexus Obelisk or Fountain Laser (prompt on partial answers)

#24: (M) This popular streamer withdrew from a major of computer science at Central Methodist University. His least favorite champions include Braum and Jhin. The post in the Riot boards concerning the banning of this player received over 4,700 downvotes. However, this concerned only 1 of his 22 total permabanned accounts. For 10 points, name this famously toxic Draven main that can deadlift 520 pounds.

ANSWER: Tyler1
